

Disaster Relief for Mental Health and Addiction Services  
SFY 2011 (July 1, 2010 – June 30, 2011)

**SPECIAL CONDITIONS**

---

Funds specified in this Attachment will be made available during a time of a local, state or federal declared emergency or when an emergency condition exists in the contractor's local area. The Division of Mental Health and Addiction (DMHA) and/or the Federal government may determine that disaster mental health services are needed.

1. The funding sources which may support services in this attachment are as follows:
  - A. Disaster Relief Mental Health Account.
  - B. Funds received from state and federal entities for the purpose of assisting with the mental health and addiction needs of victims of disasters, emergencies, and crisis situations.
2. Funds disbursed under this Attachment will be used for the following services:
  - A. The provision of mental health and/or addiction services for individuals experiencing a behavioral health crisis due to an emergency condition or disaster in the contractor's service area.
  - B. The provision of outreach services for individuals in communities affected by a disaster or an emergency condition.
  - C. The provision of training and education to local staff and volunteers regarding the psychological effects of disasters and emergency conditions.
  - D. The provision of crisis counseling to mitigate the psychological trauma experienced by victims and survivors of, and responders to, an emergency situation or disaster.
  - E. The assistance of individuals and families in returning to a pre-disaster level of functioning.
  - F. The payment for personnel, travel expenses, materials and supplies necessary for carrying out the activities outlined in 2.A. through 2.E. above.
3. Funds dispersed under this Attachment may not be used for any of the following:
  - A. The payment for services to individuals not affected by the crisis, disaster or emergency situation.
  - B. The purchase of equipment valued at over \$1000.
  - C. The satisfaction of any requirements for the expenditure of non-federal funds as a condition for the receipt of federal funds.
4. The Contractor shall provide the following information to the DMHA:
  - A. Information requested by the DMHA and necessary for the completion of any application for an emergency, crisis, disaster and/or continuation grant.
  - B. Cost data requested by the DMHA related to the emergency, disaster or crisis.
  - C. Data requested by the DMHA related to services provided in an emergency, disaster or crisis.
  - D. Data requested by the DMHA related to expenditures made for the provision of emergency, disaster or crisis related services;
  - E. Other data requested by the DMHA related to the emergency, disaster, or crisis situation; or any data necessary for the documentation of activities performed as part of any emergency services grant.
